Price From: \$41.00

Short Description

Spots, pimples, blackheads, blemishes etc. Quick acting and very effective

Description

ACNE RELIEF

Acne prone skin, pustules, spots, blackheads, blemishes, etc

APPEARANCE AND PROPERTIES

A white, light, non-oily milky concentrate. Especially for acne prone skin, spots, pustules, blackheads, blemishes, etc. It reduces the appearance of the problem by rapidly cleaning, peeling and drying. Also suitable for those spots that sometimes just appear without any warning.

KEY INGREDIENTS

Fruit Acids : 6% Alpha Hydroxy Acids to exfoliate the blockage at the follicle opening allowing sebum to escape. It is this blocked up sebum which frequently causes the problem and leads to infection and inflammation.

Salicylic Acid : Beta Hydroxy Acid which exfoliates as above but also has a direct action on reducing blocked up sebum. Also antiseptic.

Hamamelis : A very high concentration. Its astringent effect helps the drying out.

Centella Asiatica : Very effectively reduces the appearance of the problem as well as

recently caused scarring.

Camphor : Antiseptic Action.

Wheat Germ Oil : Healing action and anti-oxidant.

Zinc : Very necessary for the action to be effective.

APPLICATION

Gently pat or apply one drop on to affected areas about 4 times daily. Always keep skin perfectly clean. Fruit Acid Cleansing Milk would be ideal.
