

## Skin Renewal Lotion 125ml

**Brand:** Fleur De Mer

**Price From: \$57.00**

### Short Description

Gentle, powerful revitalising and exfoliating. Wipe on every night. Don't wipe off.

### Description

#### SKIN RENEWAL LOTION

Active lotion for all skin types

#### APPEARANCE AND PROPERTIES

A clear liquid with Lactic, Glycolic and Salicylic Acids which combine to provide nature's way of spring cleaning your skin. This gently active toner with its mild exfoliating properties clears skin of its dull and lifeless cells. With youthfully radiant skin now revealed your skin glows and your face is visibly brightened.

**ACNE SUFFERERS:** This lotion prevents and treats pimples, blackheads, blemishes etc and provides clear skin.

#### KEY INGREDIENTS

LACTIC ACID 5%, SALICYLIC ACID 0.5% and GLYCOLIC ACID 0.4% combine to gently exfoliate skin without any irritation even if used every night as recommended. This provides a gentle improvement in the appearance of the skin with a noticeable reduction of fine lines and wrinkles. And our Salicylic Acid is incorporated into a liposome which increases its efficacy without the risk of irritation because a lower concentration would provide the same outstanding benefits.

**ACNE:** Laboratory testing shows that our Salicylic Acid is very effective against

Staph.Auereus and P.Acnes, the 2 main skin bacteria which cause acne. It was also shown to work on both the surface of the skin as well as inside the follicle and that is precisely why SKIN RENEWAL LOTION is a seriously effective treatment for both teenage and adult acne. Nothing else is necessary except perhaps ACNE RELIEF.

HAMAMELIS: An astringent to keep skin free of unwanted excess oil.

CHAMOMILE: Calms and soothes skin.

CENTELLA ASIATICA: Regenerates and revitalises skin.

## **APPLICATION**

Wipe over face and throat in the evenings after cleansing. Avoid eyes.

**NB** Use Fleur De Mer sunscreen everyday.
