

Rich Hydrating Moisturiser 50ml

Brand: Fleur De Mer

Price From: \$64.00

Short Description

Rich, emolient cream for dry skin, ideal day or night moisturiser in cold climates

Description

RICH HYDRATING MOISTURISER

for dry, dehydrated and mature skin

APPEARANCE AND PROPERTIES

A rich blue soft velvety cream. A richer day or night cream to prevent the harsh drying effects of a cold or dry climate. Rich in anti-oxidants and nourishing oils to relieve a dry and dehydrated skin. Leaves your skin highly nourished and lubricated, protects skin against the ravages of extreme weather conditions. Water in oil cream.

KEY INGREDIENTS

Wheatgerm Oil: antioxidant and nourishing.

Macadamia and Apricot Oil: naturally occurring oils which soften and nourish the skin and combat dryness.

Hyaluronic Acid: attracts moisture to the skin thereby combating dehydration. Also prevents moisture from being lost.

Decyl Oleate: very closely resembles sebum of the skin. Without sebum the skin dries and lines become more obvious.

Water in Oil Emulsifier: to create an oil based cream.

APPLICATION

Apply morning and night to a cleansed face and neck.

Apply when skiing, sailing or undertaking outdoor activities in our harsh climate.

Our advice ~ matt finish, good for make-up application.
