

Grape Extracts Scrub 75ml

Brand: Fleur De Mer

Price From: \$57.99

Short Description

Removes impurities, exfoliates and nourishes skin

Description

GRAPE EXTRACTS SCRUB (all skin types except very sensitive)

APPEARANCE AND PROPERTIES

A rich cream with fine grape coloured particles. Formulated with a cream base, this gentle scrub removes any trace of sebum, impurities and dead cells thanks to the Exfoliating powder of Grape Seed. Grape Seed Oil provides essential nourishment for cutaneous integrity. Wine and Grape Leaf extracts prevent premature skin ageing and reinforce the epidermis.

KEY INGREDIENTS

Titrami of red wine: Extracted from Vine Leaf, Titrami rich in flavonoids is combined with Optivegetol Vin to prevent skin damage due to free radicals.

Grape Seed Oil: An oil with a soft and gentle texture. It is rich in essential fatty acids (linoleic acid) working as an anti-oxidant thanks to its high content of Vitamin E. Very nourishing.

Optivegetol Vin: Extracted from Wine, this ingredient efficiently neutralises harmful free radicals and reduces oxidative stress responsible for premature skin ageing.

Exfoliating powder of Grape Seed: Soft exfoliating agent, it removes thoroughly dead

cells and impurities.

APPLICATION

Apply a thin layer on perfectly cleansed face and neck (avoid the eye contour). Work in light circular massage movements with fingertips from neck to forehead. Rinse carefully with lukewarm water and dry the skin.
