Brand: Algologie

Price From: \$48.00

Short Description

A refreshing seawater lotion for all skin types. Lovely fragrance with no alcohol

Description

ALGAMARINE LOTION Lotion Algamarine
for all skin types

APPEARANCE AND PROPERTIES

Algamarine is an alcohol free, lightly fragranced seawater lotion with blue colour. It completes the cleansing procedure by restoring the natural vitamins, proteins and mineral salts in the skin. A delicate lotion that balances pH, invigorating and boosting the skins rate of absorption. Particularly hydrating.

KEY INGREDIENTS

Adjusted concentrations of the 3 ingredients creating the exclusive natural Algo3 Complex: Chondrus Crispus: The seaweed extract providing proven rapid hydration. It also increases the water concentration in the epidermis. Gulf Stream Seawater: Pure and fresh with lots of natural vitamins and minerals to nourish and remineralise the skin. Alaria Esculenta: Another seaweed extract with anti-oxidant properties to protect against free radicals.
Sea Salt: For the natural vitamins and minerals from the sea.

APPLICATION

Use as a toning lotion after cleansing to neutralise the skin rather than with the harsh effects of tap water.
